ARTICLE 17 – RETIREMENT PLAN

~~Attached hereto and made a part of this Agreement is the sole and total agreement between the Company and the Union with respect to pensions or retirements. (Appendix “B”)~~

A new retirement program called the Enhanced TIP Plan will be provided to all employees, through the existing TIP Plan (and based on eligibility under the existing TIP Plan), subject to this agreement as follows:

1. Effective date of change: The Company will cease to have an obligation to contribute to the Company into the Bakery and Confectionary Union and Industry International Pension Fund (other than withdrawal liability payments) as of the earlier of ratification or implementation date.
2. New Company contributions to the TIP Plan under the Enhanced TIP program for represented employees who were active as of the effective date of change (“eligible employees”):
 For the purposes of the schedules presented in this Section, the term “Grandfathered Employee” means an employee who ~~is or would otherwise be eligible under the Golden 80 provisions of the Bakery and Confectionary Union and Industry International Pension Fund within the 5 year period beginning with the effective date of change would have been eligible for the Golden 80 early retirement provisions of the Bakery and Confectionary Union and Industry Pension Fund within the five (5) year period beginning with the effective date of change had the “default schedule” not applied and had the employee continued to be a participating active employee.~~
 - a. **Basic Contribution:** Each eligible employee will receive a contribution per hour credited based on age at the contribution date in accordance with the following schedule:

The maximum number of hours credited for the calendar year of the effective date of change is 1,900 hours, less the number of hours credited under the Bakery and Confectionary Union and Industry International Pension Fund for that year. The maximum number of hours credited for each calendar year thereafter will be 1,900 hours.

- B. Restoration Contribution:** The Company will provide eligible employees with a Transition Benefit for five years following the effective date of change to offset the cancellation of post-January 1, 2007 increases in the Bakery and Confectionary Union and Industry International Pension Fund Benefit Levels that the Fund asserts will be imposed upon the Company’s exit from the Fund. For employees who are vested in their Bakery and Confectionary Union and Industry International Pension Fund Benefit at the effective date of change, contributions will be made with each of the subsequent 260 weekly paychecks, provided that the employee remains actively employed and eligible for the Plan during each respective pay period. The Restoration Contribution would not be conditioned upon the Fund’s unilateral imposition of the post-January 1, 2007 Benefit Level cancellation. The contributions will be based on each employee’s age and Bakery and Confectionary Union and Industry International Pension Fund credited service as of the effective date of change according to the following schedule:
